DESCRIPTION

AND TECHNICAL CHARACTERISTICS

Description of the product offered /

- Directional confidant chair model for offices and meeting rooms. • Structure formed by two arms and back made of beech wood. The arms and backrest are covered with 1cm foam on which the entire contour is completely upholstered. Includes internal reinforcement made of sheet metal to prevent its separation.
- The upholstered seat is formed by a 19mm thick DM base on which foam is injected of 5 cm. thick and 35 kg of density. • The seat and back incorporate an upholstered cushion to give greater comfort to the set. • The chair has a raised backrest with respect to the main structure to complete the ergonomics of the chair and completely pick up the contour of the back.
- This backrest is formed by two curved pieces of beech plywood. One of them is upholstered to support the back and the other is varnished or lacquered in the tone chosen by the facultative management. Both pieces are joined together and attached to the structure by means of a 5mm metal plate. thick shiny chrome finish.

There are four types of bases for this model:

- .1 Fixed 4-spoke metal base with polished chrome finish
- .2 5-spoke swivel base with wheels made of aluminum with a gloss polished finish, white or black (height adjustable by means of an oloneumatic piston)
- .3 Fixed 4-spoke base with stops made of in aluminum with a gloss polished finish (height adjustable by means of an oloneumático piston)
- .4 Fixed 4-legged pyramidal base made of varnished beech wood.
- Fully upholstered in any fabric from the JDM SILLERÍA SL catalog or any fabric supplied by the property.
